03 - COMPANY OVERVIEW

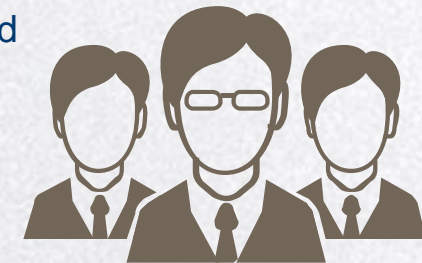

DA LOGISTICS (M) SDN BHD

3.1

VISION

DA Logistics (M) Sdn Bhd aspires to expand its horizons and widen its scope of activities and services exponentially. Towards this goal it aims to be among the leaders in the industry, covering markets within Malaysia and globally with high quality transport and logistics solutions. It believes in never ever compromising on the quality of its service to its customers.

3.2

MISSION

DA Logistics (M) Sdn Bhd is totally committed to providing comprehensive shipping and logistics solution in a professional, ethical and transparent manner at all times. Its goal is to ensure cost savings and absolute satisfaction among principals, partners & customers whose interests are always the paramount importance.

04

SERVICES

DA Logistics (M) Sdn Bhd is well positioned to provide a full range of shipping & logistic services. Our team is focus-minded and ensures the reliable, quality services will never be compromised. We have a well-established track record, gaining the confidence and trust of many satisfied customers, who have further recommended our services by word of mouth. We are reputed for being a practical and efficient service provider.

01 GLOBAL FREIGHT FORWARDING (SEA & AIR FREIGHT)

One of the main services offer by DA Logistics is global freight forwarding. We are able to provide sea freight and air freight transportation to Japan, Southeast Asia, China, the USA, South America, Middle East, Europe; almost to any part of the world through our network of offices and agents. DA Logistics establish an excellent rapport with liners and other transport operators. In addition, we offer a wide range and flexible schedules for customers to consider in order to meet their delivery timing and convenience. With the team's vast experience, we support customer with highly competitive rates and services.

02 HAULAGE SERVICES

DA Logistics is equipped to handle shipments through various modes. We are well connected with rail and road operators to ensure smooth and reliable transportation of goods. The services cover all kinds of container equipment, dry vans, reefers, ISO tanks and special equipment. We offer premium transport solutions for any kind of cargo regardless of size, fragile or travel sensitive, backed by first class insurance coverage with utmost of safety and security. These facilities are also available for all domestic and global locations inclusive of cross border services. We fulfil customers' delivery requirements with single point of contact for all transportation needs.

03 CUSTOMS BROKERAGE (FORWARDING & CUSTOMS CLEARANCE)

DA Logistics has an extensive experience in customs brokerage for both international and domestic customers. We have a deep understanding in the various and individual local structures and processes to provide full shipments clearing through all airports, seaports and border crossings wherever we are. We provide a single and easy interface with all the necessary affiliates to ensure customers have advantages with all legal and logistical requirements, including ports processing and documentation. Our unparalleled customs clearance and processing services are both time and cost efficient, ensuring strengthened supply chain and operations.

04 CARGO CONSOLIDATION (LCL SERVICE)

The strength of DA Logistics is the ability to combine many smaller shipments into full container loads with a cost-effective solution. We facilitate all type of cargo consolidation (Sea or Air) regardless of size or weight for our customers which includes the transportation of cargo to the stuffing point and stuffing of cargo in container. By offering the LCL (Less than Container Load) services, customer can significantly reduce the logistics cost of moving the goods to all destination and ensure swift deliveries. We provide booking status, cargo tracking facilities and arrival notification for all shipments to ensure that LCL cargo location is known every step of the way.

05 REEFER & DANGEROUS GOOD CONTAINER

DA Logistics offers the high-quality reefer container services with the most precise temperature control. We also ensure the dangerous goods are transported safely to almost every destination in the world with a high level of services.

06 PROJECT CARGO

We have well experience in handling customer unique logistical considerations, challenges, and opportunities. We will work with customer as a team to build and manage special project, regardless of commodity size, weight, complexity, or configuration from the concept, budget forecast, on-site planning through delivery to ensure a planned route with the safest and most efficient method of transport.

07 WAREHOUSING

DA Logistics operate own warehouse in various ports and offers complete warehousing services including storage and distribution for dry cargo, temperature-controlled cargo, ODC, hazardous and non-hazardous chemicals. We also offer the console, packaging, palletizing, stripping, re-labelling, trans-loading and other value-added services.

08 BULK LIQUID LOGISTICS

DA Logistics offers a host of products for liquid logistics such as global ISO tank service, supply and fit of flexi tanks, management of shipper owned ISO tanks, leasing of ISO tanks, gas tank leasing and management, storage and distribution etc. DA Logistics provides high quality product of different capacities and variations suitable for a range of food grade and non-hazardous liquids. The tanks for the bulk liquids are essential to their safe delivery; we ensure that our containers are durable, safe to use, and are up to the required standard for shipping. We provide a clean and safe environment for the bulk liquid consignments.

09 CHARTERING AND SHIP BROKING

Acting as intermediaries between directly contracting counterparties, DA Logistics broking teams have the expertise, experience and support structure to make deals happen. This means bringing together a company with a cargo to ship and a company with a vessel able to transport it, bringing together buyers and sellers of second-hand ships and contracting new buildings. We have specialist broking teams dealing in all major markets: containers, dry cargo, breakbulk cargo, shortsea and specialised products – for chartering and sale and purchase. We know where the market is and have greater insight into the drivers of where it.

10 MARINE CARGO INSURANCE

As a marine cargo insurance broker, DA Logistic value your freight as much as you do. We understand that, at times, unforeseen circumstances can occur, which is why we offer competitive insurance packages to customer and give a peace of mind that the goods are protected in transit. With Marine Cargo Insurance, customer can now ensure that there are no limitations to the loss of cargo that may put the business at risk. Our specialized expertise includes all aspects of marine cargo transport. We are dedicated to providing top-notch ocean freight insurance to our valued customer.

05

OUR COMMITMENT

DA Logistics (M) Sdn Bhd has the experience and ability to provide a full range of shipping & logistic services. We work closely with customer to support every requirement. Our team is committed to deliver excellence service.

05 – OUR COMMITMENT

DA LOGISTICS (M) SDN BHD

ONE STOP CENTRE FOR TOTAL LOGISTIC SERVICES

DA Logistics (M) Sdn Bhd will act as a one stop centre to undertake and perform the full scope of logistic requirement on behalf of the customer. DA Logistics (M) Sdn Bhd will be able to provide door to door services for all domestic & international locations. DA Logistics (M) Sdn Bhd will ensure to provide competitive rates for its logistic services thus enabling the customers to enjoy the benefit of cost savings. If customers are well into the concept of one stop centre for their total logistic requirements, managing of stocks in hand & planning of future stock requirements can also be done smoothly without having to keep unnecessary amount of stock in hand which is not cost effective neither viable.

ASSIST IN THE CUSTOMER'S BUSINESS EXPLORATION DOMESTICALLY & GLOBALLY

DA Logistics (M) Sdn Bhd is totally committed to providing competitive cost & simplified logistics solution which will assist the customers to focus more of their manpower & financial resources into tapping new market ventures globally. DA Logistics (M) Sdn Bhd will assist the customers to understand the various logistic process & flow, requirements of various government regulations on the products being imported or exported & custom duty matters to ensure the customers are well aware of the same prior the shipment is effected and not being subjected to unexpected cost which can reduce their overall earnings at the last moment.

COMPREHENSIVE & SIMPLIFIED TOTAL LOGISTIC SOLUTION WITH COMPETITIVE COST

DA Logistics (M) Sdn Bhd offers a comprehensive & simplified total logistics solution with competitive cost to the customers whereby it will surely assist in the overall reduction of the pricings of the products for the end user / consumer. This will also allow a wider range of entrepreneurs to indulge into export / import of goods & trading services if the total logistics can be simplified & cost are competitive.
